

PRO DVD-R GOLD EP

4.7GB / 120MIN

ARCHIVAL PRO DVD-R GOLD EP 4.7GB / 120MIN

The FalconMedia Pro Century DVD-R 24K Gold EP (for Enhanced Performance) is the ideal solution for applications requiring long term storage of sensitive data, video, music, pictures or files.

The 24k gold reflective layer is offering a maximum resistance to environmental degradation and specially the corrosion which is one of the major causes of discs failure in standard discs; while the silver layer delivers high reflectivity and broad compatibility. It secures an exceptional longevity to your most precious memories.

The FalconMedia Pro Century DVD-R 24K Gold EP have been submitted to accelerating ageing tests under severe storage conditions and show to safely store their content for more than 300 years.
